

BRIGHT BUDDIES

PreK 4: Age 4 by 9/1

In the Bright Buddies classroom, our students will develop independence, curiosity, and character. Every day has a steady, caring rhythm that combines learning and growing socially and emotionally with faith-based ideals. Activities to help children practice talking to each other and getting to know each other, sets a happy mood for learning.

Students in our program have the opportunity to develop language skills and grow their vocabulary while engaging in literacy, using manipulatives for math, and exploring in science, technology, engineering, and math (STEM) Discovery tasks. We also add Faith & Character time to our schedule, which gives children quiet time to think, be thankful, and learn about values in a way that helps them become kind and caring people.

Gross Motor Play every day, inside or outside, helps kids move, coordinate, and express themselves joyfully. Snack time and restroom breaks provide opportunities for children to develop self-care and routine-building skills. Closing Circle allows children to reflect, interact, and prepare for home. At Bright Buddies, we love the special light that each child has. Our teachers are kind and purposeful, creating a place where kids may do well in school, make friends, and grow spiritually.
