

SUNSHINE'S LITTLE RAYS

Toddlers: Age 2 by 9/1

Our Little Rays classroom is a place where friendships are formed, wonder blossoms, and faith softly leads every moment. This nurturing atmosphere promotes early development by carefully balancing structure, creativity, and tender care.

Our daily routine is thoughtfully crafted to respect each child's innate rhythms while fostering the development of fundamental verbal, motor, social-emotional, and spiritual skills. Through play-based learning and deliberate routines, children begin to understand the world around them and their place within it.

Our dedicated teachers gently guide children through important milestones, including potty training, offering encouragement, consistency, and celebration every step of the way. Sensory exploration, outdoor play, and faith-filled storytelling are woven into each day, creating joyful opportunities for growth and discovery. We believe in partnering with families to create a consistent, loving environment that supports each child's unique journey. In Sunshine's Little Rays, children are not only cared for, but they are also cherished, celebrated, and empowered to shine.
